Smith Concrete Services

814 Vestal Street
Storm Lake, IA 50588

Jerry Smith
Construction Foreman

Overview

Construction of the City of Storm Lake's Lot B is complete. Below are some highlighted facts about the new parking lot.

- 56 parking stalls, including 3 new handicap stalls
- Sidewalk improvements along West 6th Street
- In Spring 2020, the lines will be repainted

Construction

Work Area

The parking lot can be used to its full capacity, however, there are a few final items are still being finished around the area. Please give all workers space to do their jobs safely.

Parking Lot Painted Lines

Due to the cold weather, the final parking stall paint lines were not placed. The temporary paint is expected to delineate parking spaces for the winter only and will likely deteriorate. Come Spring of 2020, crews will close the parking lot for 1-2 days to place long term markings. Further communications will go out as that time approaches.
