CITY CONNECTION.....

Reminder...
 Only Rain
 DownTheDrain!

It's autumn, which means the leaves will start falling. As you clean up your yard, make sure you aren't dumping any twigs, brush debris, leaves, or cut grass into ditches,

waterways, or the street. Letting yard debris wash off into public areas clogs storm water pipes and drains while contaminating the water with pesticides and animal feces which goes to the lake. Try to compost your yard waste or take it to the Harold Rowley Recycling Center. For more information, call 712-732-7171)
